Borges and Texas

The Casa Cultural de las Americas, founded in August 2012 is a cultural proposal that aims to preserve, promote, encourage, investigate, and disseminate our art and cultural heritage. After 10 years, we changed to include a wider spectrum of rich culture from a contemporary approach.

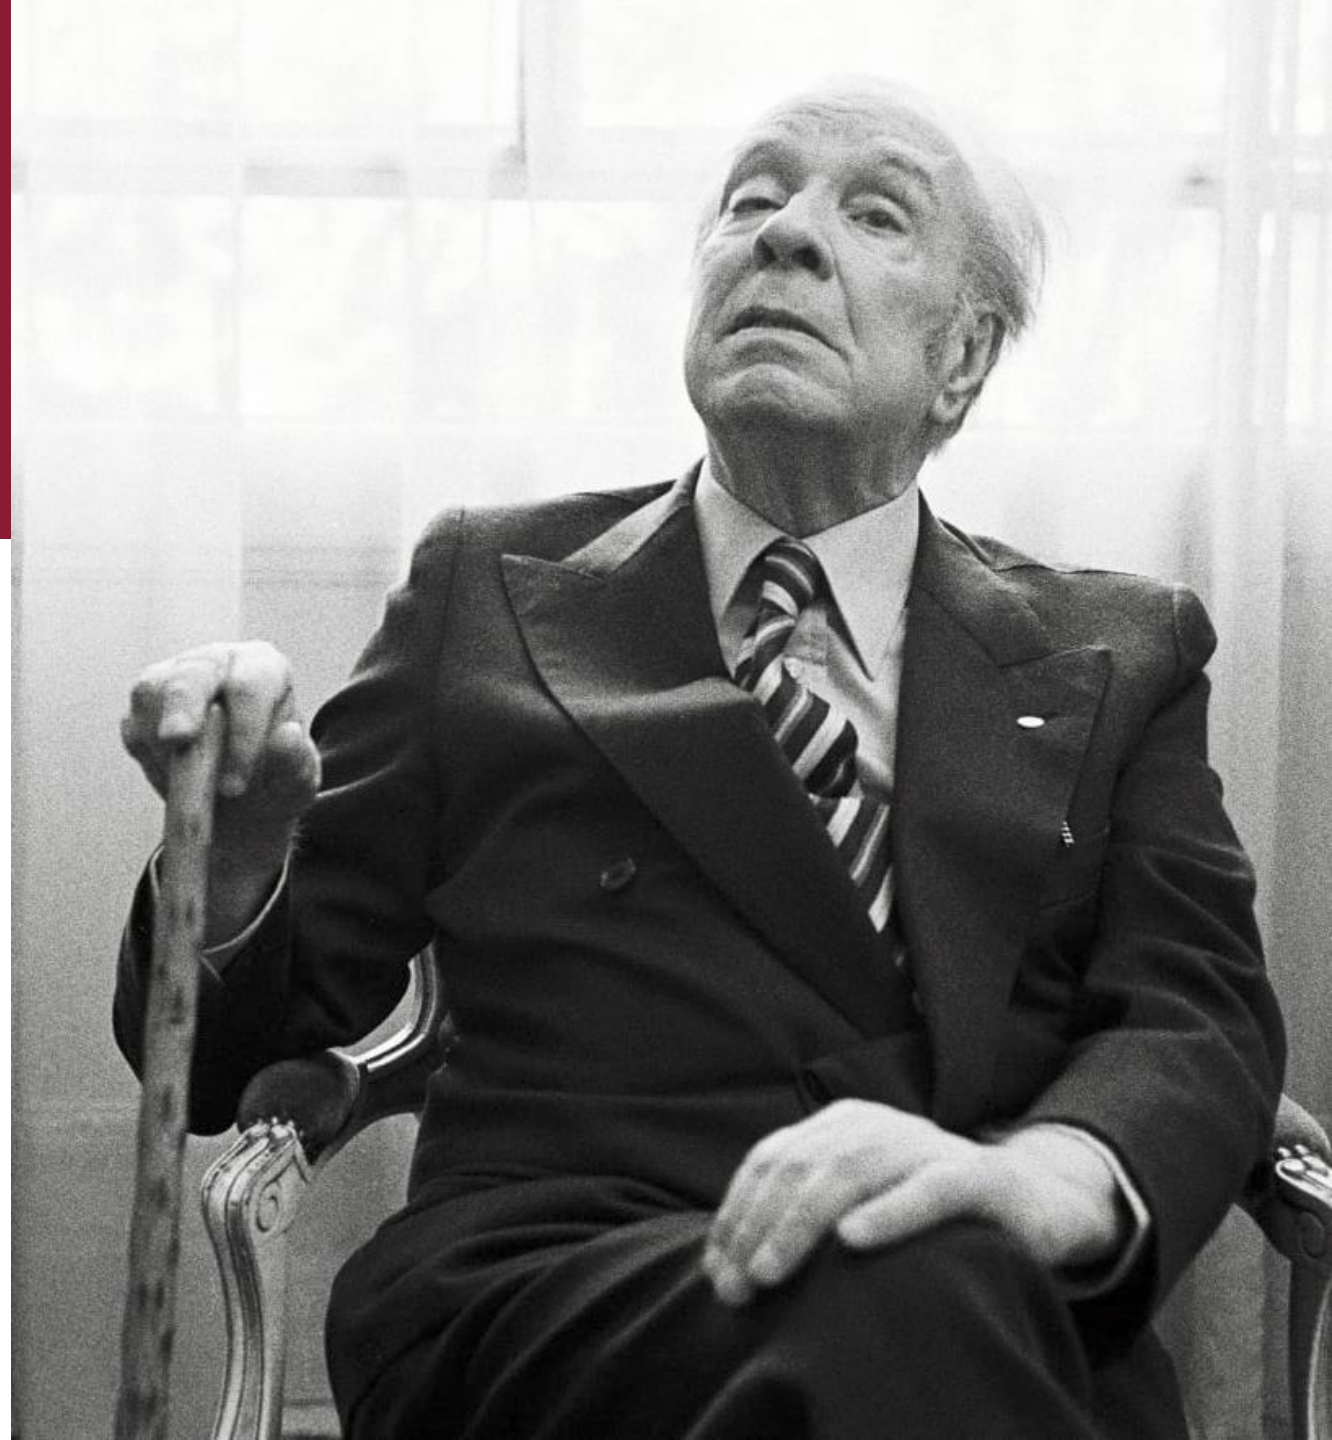

We are committed to become a national and international platform to explore and develop the artistic and cultural ties of our community.

Honoric Bust

This tribute includes the presentation and donation to the Houston Public Library, of a 2.5-foot bust of Borges, cast in bronze and made by the renowned Argentine sculptor Carlos Benavídez.

Borges and Texas

The Art Exhibition

20 scale replicas of the bust
and intervened by 20 selected Texas artists.

These exclusive collectible works
and made from the figure of Borges,
will reflect the view of our contemporary artists
on the infinite Borgean universe,
creating an intimate bond between literature and visual arts.
